

## MOVEMBER WAS A SUCCESS!

This November, the DCS was hard at work raising funds for Movember! Each year, our team raises awareness and funds for men's health issues, such as prostate cancer, testicular cancer, and mental health. This year our team was led by our VP External, Michael Tough - we hosted various events and encouraged those within the Rowe School of Business community to grow a Mo or support the cause.

We thank everyone who came out to our events and fundraised! **The DCS is happy to share that we surpassed our goal this year, raising \$13,000.**

Check out some Movember highlights in this newsletter for a snapshot of what went on this past month!

OUR GOAL: **\$10,000**

WE RAISED: **\$13,000**

## A word from our VP External - Michael Tough

"I'm overwhelmed with the support and engagement the DCS gained this Movember - I'm proud of the DCS, commerce student & Halifax communities for their efforts. We managed to fundraise \$13,000 in total. All of the proceeds will go toward charities that fund resources for men's physical & mental health. I can't understate how important these resources are to young men. I know a lot of people's mental health was shaken by the pandemic, so seeing many students coming together (in-person) to raise funds and awareness for Movember was amazing! Huge thanks to everyone who participated in our events, our community partners, and our students for being so supportive!"
